

SILVER KNIGHTS

ENRICHMENT

Silver Knights OnBoard is an enrichment management service that makes life easier for busy volunteers and school administrators.

What We Can Do:

- Survey parent interest for different activities
- Help select vendors and teachers
- Coordinate with vendors and teachers and serve as point of contact
- Schedule classes
- Create marketing materials
- Customize and take registration online
- Provide rosters to PTA, school, vendors, and teachers
- Collect payments and pay vendors and teachers
- Field parent questions
- Survey parents to gather feedback about completed activities
- Manage scholarship program
- Oversee vendor compliance with background check and insurance requirements

What You Do:

- Work with SKE to create a schedule of activities
- Work with SKE to create vendor and teacher guidelines & instructions
- Provide space for activities
- Distribute catalogs and registration reminders

About Us: Silver Knights Enrichment is the most popular after-school enrichment program in the Mid-Atlantic. We are a family-owned company founded in 2006 to provide high quality enrichment for kids. We work with 250+ schools, community centers, and homeschool groups in Northern Virginia, Maryland, and Washington, DC to provide after-school chess, coding, and robotics.

Pricing: Silver Knights OnBoard comes at no cost to the PTA or school.

A \$9/registration fee is added to each vendor class, with no additional charge to Silver Knights classes. For example: a \$120 vendor art class would cost \$129, and a \$116 chess class with Silver Knights would still cost \$116. Schools that offer a significant number of after-school activities may have a Silver Knights On-Site Coordinator. For schools that use an On-Site Coordinator, we add \$29/registration to each vendor class, again with no additional charge on Silver Knights classes, so a \$120 vendor art class would cost \$149.
